Will Ministries Close ???

For the first time in our ministry's history, we have no money to continue operations. For about a year, things have been extra hard. We have had money for each month, but usually only just in time. But now, it is February and there is only a few hundred dollars already sent here for March.

We need \$3,700 to run Shelter in March, and \$2,437 to run Haven in March. These are both bare bones budgets, with the extras cut out. Everything else on the budget is vital to the program- food, staff salaries, medicine for kids, transportation, utilities, and Haven rent.

The Shelter and the Haven are families for dozens of teens. We do not want to take that away. It will be hard for them to understand if we tell them we have to shut down indefinitely until money comes in. We understand that calling each other or meeting to walk

around the city would be okay to keep up relationships with normal kids at this age. But because we haven't been with these kids since they were little and they all have trust issues because of their pasts, shutting down indefinitely could be devastating and frightening for some of the kids, they will feel like they are being abandoned again, no matter how many times we tell them "Everything is going to be alright."

Please consider sending something to help us get by this month, if we can't be open for all of March, then at least for half of it, so it's not too hard on the kids.

We don't want to be asking sponsors for rescue money every month. We want to be responsible stewards. Please consider becoming a monthly donor so that our financial foundation becomes steady and secure.

Thank you for your sacrifice

WHO WILL MAKE A DIFFERENCE... IF LAST BELL IS GONE?

Please take ten minutes to watch one of our graduate girls, Masha Sigarova, tell her life story. [CLICK HERE TO WATCH](#). You will see and hear about her experiences at home, at the Baby Orphanage, and Orphanage #4. See how God changed her life through the Shelter. This footage was taped in November, but there were several things that kept us from putting this piece together till now.

We hope her story touches your heart, as it has touched ours.
